

MRS. ORBAN FREED OF BOOZE CHARGE

Mrs. Victoria Orban, who in city court on Sept. 21, testified in behalf of her son, Charles, on trial before Special Judge A. B. Hunter for unlawful possession of liquor, that a bottle of "moonshine" whiskey which was held in evidence against Charles was her own property, and who was arrested following her testimony, was found not guilty by Judge George W. Onych on city court charges of unlawful possession, Tuesday.

Following her arrest, Mrs. Orban was released on bonds of \$500. Her case was set for Sept. 23 at which time testimony was heard and the case taken under advisement until Tuesday by the court.

In her testimony at the trial of Charles Orban, as the result of which her son was discharged, Mrs. Orban swore that she had the liquor in her possession for use as an eye wash on her husband, who, she said, was afflicted with sore eyes.

Charles Orban is the alleged proprietor of a soft drink establishment at 1369 Prairie av.

ASSOCIATION ASKS HELP FOR BABIES

Nurses Say Out-Grown Infant Garments Needed in Maternity Work.

To further the work of the Visiting Nurse association with special reference to caring for maternity cases among the poor which have already come to their attention and those that are expected to be handled in the future, trustees and officers of the institution are making a public request of citizens to turn over to the organization all out-grown baby clothes.

Two cases handled by the association recently disclosed there was no clothing available for the new-born infants. The condition, instead of improving, is expected to grow worse as the winter approaches.

Statistics of the association for September showed a total of 263 cases handled, of which 97 were new. Calls answered by nurses totaled 86. Ten of the 97 new cases were listed maternity, and 36 pre-

natal. Visits ordered by the board of public health department were 11. In addition to baby clothes, the association is requesting the donation of a sewing machine.

LEAGUE ADAPTS BLOCKADE REPORT

GENEVA, Oct. 4.—The League of Nations assembly today adopted the report of the blockade committee over the protests of France. The committee report was brought up for final consideration last week, but France blocked its adoption at that time on the ground that some of the clauses might prove objectionable to the United States.

The report was referred to a com-

mittee to examine its legality. The committee reported today that it had approved all the clauses to which France had lodged objection and the report was "speedily adopted."

Do the Men Like Our Profit Sharing Plan?

WE'LL SAY THEY DO! READ THIS

Rain began falling if you'll recall early Tuesday morning. Always Johnny on the Spot, we filled one of our front show cases full of Rain Coats, with an attractive price on them—a price dictated by our store policy of more volume through reduced prices.

Before noon, we had sold out a shipment of 50 of these Raincoats! We could have sold three times as many if we had had them!
